

# EAGLELIFT

## LIFTGATES

### The Right-Size Liftgate for your Downsize Pickup

*Chevy Colorado, Dodge Dakota, Ford Ranger, GMC Canyon, Nissan Frontier, and Toyota Tundra*

Note: Standard liftgate color is black.

#### APPEARANCE

Streamlined design of exclusive rugged ABS plastic platform cover adds to the appearance of your vehicle.

#### VERSATILITY

The EAGLE LIFT is ideal for a variety of commercial applications.

#### SAFETY

No other liftgate offers the safeguards built into each EAGLE LIFT.

#### FEATURES

From top to bottom, more standard features.

#### CONTROL

Manual control lever allows "feathering" when lowering a loaded gate.

#### EFFICIENCY

Greater lifting efficiency guarantees longer service life and reduced battery load.

#### WEATHERPROOF

All hydraulics and key electrical connections are completely enclosed.

Platform easily folds down for dock loading.

**ABS Plastic Cover**

**DURABLE**  
The rugged ABS material will not rust, easily dent or crack. Designed to absorb light impact.

**COATED**  
The cover receives a "KORAD" coating to protect the ABS material from damaging UV rays.

**ANY COLOR**  
The cover is available in a standard black matte finish and can be painted any color.

**ATTRACTIVE**  
The appearance is enhanced with the attractive "Eagle" logo embossed in the cover.

The exclusive ABS plastic platform cover (U.S. Patent No. 5,673,960) dramatically improves the appearance and durability of Eagle Lift Liftgates. The state of the art ABS cover is supplied with all cable-type and direct lift liftgates for service and utility bodies and full-size pickups.

**America's Standard in Liftgates**

### 1000 lb. Capacity

Eagle Lift liftgates with 1,000-pound capacity for your downsized pickup - Chevy Colorado, Dodge Dakota, Ford Ranger, GMC Canyon, Nissan Frontier, Toyota Tundra pickup - deliver superior performance, safety and service life. No other liftgate in its category offers such a broad range of features.

Eagle Lift is America's standard in liftgates.

Made in the U.S.A.

LIFTGATES

**FEATURES...All Standard**

## Eagle Lift E-Coat Topcoat

All Eagle Lift Liftgates are...

Quick-release sure-hold safety locks keep gate secured in stored position.

### HYDRAULICS

Heavy-duty electrical hydraulic pump with built-in relief valve to prevent overload; high-pressure industrial cylinder with chrome-plated shaft. All totally enclosed.

Aircraft industry grade galvanized lift cables.

Platform easily folds down for dock loading.

Platform load surface has anti-skid strips.

Curbside spring-loaded control handle. Automatic return to neutral. The manual control handle and an in-line flow control valve give greater degree of controllability of loaded platform.

Maintenance-free self-lubricating style composite bushings at all pivot points and larger pulleys for reduced cable wear.

Power cut-off system is integrated with vehicle light switch.

150-amp circuit breaker included.

The exclusive durable ABS platform cover (U.S. Patent No. 5,673,960) dramatically improves the appearance and durability of Eagle Lift Liftgates.

The optional aluminum platform is available with all Eagle Lift models.

Cleaned and pretreated with a phosphate conversion coating to prepare the liftgate for electrocoating.

Fully immersed in a paint bath where direct current is applied between the liftgate and counter electrodes. Paint is attracted by the electric field to the liftgate, and is deposited onto the liftgate.

Removed from the bath and rinsed to reclaim undeposited paint solids. Then transferred to the bake oven and completely cured at a temperature of 375°F.

## Models Available:

### Model E-38-48

- 38" max. bed-to-ground travel
- 36" x 45" smooth steel platform with fold-out extension
- Weight\*: 400 lbs.
- Pickup Applications:
  - B-100: Chevy S-10, GMC S-15 thru '93
  - B-200: Ford Ranger/Mazda '94 and up (long box only)
  - B-300: Dodge D-50 '86-'97
  - B-330: Dodge D-50 '84-'85
  - B-400: Nissan '86 and up
  - B-440: Nissan '83-'85
  - B-600: Isuzu '87
  - B-660: Isuzu '88 and up
  - B-700: Mazda '88-'93

### Model E-38-52

- 38" max. bed-to-ground travel

- 36" x 45" smooth steel platform with fold-out extension
- Weight\*: 410 lbs.
- Pickup Applications:
  - B-110: Chevy S-10
  - GMC S-15 '94 thru '03
  - Isuzu '97 and up

### Model E-38-54

- 38" max. bed-to-ground travel
- 36" x 51" smooth steel platform with fold-out extension
- Weight\* : 440 lbs.
- Pickup Applications:
  - B-11: Chevy Colorado
  - GMC Canyon '04 and up
  - B-30: Dodge Dakota
  - B-200: Nissan Frontier
  - B-12: Toyota Tacoma thru '04

\* Weights shown are approximate
